Case # 22c 3020

Judge: Jenkins

Motion to Return Former Defendant to Suit

Now comes Christopher Wheeler, by and through his own resources to bring this Prose motion to return Superintendent Greene to this case.

Sgt. Green was previously named as a defendant when case was originally filed. Per Judge Shah he was dismissed. Now, during Plaintiff's discovery Process, new facts have been found to further implicate Greene.

The Original Complaint named OFC. Lyles and Sgt. Greene in a Failure to Protect claim. It stated that Lyles allowed Plaintiff to be attacked by his then Cellmate, Michael Plata. OFC. Lyles is directly responsible because she was notified on multiple occasions that Plaintiff and Plata were having issues. On the evening of March 31, 2022 she was told to call a supervisor because

The issues had reached the breaking point (by both inmates). She refused stating that if she sees someone (supervisor) she would tell them but she was not going to call anyone. 4 hours later, we were fighting. Something she could have avoided. This was all while under the supervision of Sup. Green, who was over Division 10 at the time.

Later that day (4/1/22) when OFC. Lyles was off duty, another Inmate, Martin Prendergast, threw something in my cell. Nothing was done at that time. I wrote a grievance and the inmate was ticketed WHILE ON THE SAME TIER as the Plaintiff. While Plaintiff knew this happened, he recently received the incident report via FOIA. In the statement of facts it states "and Per Supt, [Greene [Prendergast]] will remain on the unit pending Classification and hearing board decision". Prendergast was served his ticket and saw the hearing board. That day (or around 4/12/22), Prendergast and Plaintiff got into a verbal (and near physical) altercation. This would not (and should not) have happened if Greene would have followed proper safety procedures and moved Prendergast or the Plaintiff when this incident was originally reported.

Therefore, Plaintiff respectfully asks this Court allow ~~to~~ Superintendent Greene to be added back to this suit and, like OFC. Lyles, be held accountable for his (or lack thereof) actions.

Respectfully Submitted,
C. T. Wheeler
